Sir:

The Examiner is requested to consider the references noted on the enclosed Form PTO-1449 during examination of the above-identified patent application. These references are submitted for the Examiner's consideration and are submitted pursuant to the duty of disclosure under 37 C.F.R. § 1.56. In submitting these references, no representation is made or implied that the references are or are not material to the examination of the application. The Examiner is encouraged to make his or her own determination of materiality.

Application No. 09/803,603
Attorney Docket No. 5451.23
Express Mail Label No. EV 156 967 605 US

The references not marked with an asterisk (*) on Form PTO-1449 have been previously furnished to the Office in prior United States application No. 08/919,695, filed August 28, 1997 (U.S. patent No. 5,961,424) and United States application No. 09/379,560, filed August 23, 1999 of which this application is a continuation-in-part. Therefore, no copies of the cited documents are included herewith.

In the October 7, 2003 Office action, a copy of an earlier filed PTO-1449 is included with a September 29, 2003 consideration date. GB 1,469,363 is listed on the PTO-1449, but is not initialed or struck through, so it is unclear whether it was considered. Thus, GB 1,469,363 is resubmitted herewith for the Examiner's convenience.

In accordance with 37 C.F.R. § 1.97(c), this supplemental information disclosure statement is being filed before the mailing of a final action or any other action that closes prosecution in the application.

Pursuant to 37 C.F.R. § 1.97(c)(2), a check for the \$180.00 fee is enclosed. If any additional fees are deemed necessary, such fees may be charged to Deposit Account No. 04-1415.

Should the examiner have any questions concerning the relevance of the references cited in this disclosure, please contact the undersigned attorney.

Dated: 8 March 2004
